BATTLES IN PROGRESS ON LAND AND SEA

Desperate Japanese Attack on Port Arthur in Which Forces and Forts Are Both Engaged Russians Admit Losses Are Very Heavy.

Port Arthur, May 3. Another dar-ing attempt was made by the Japanese this morning to block the entrance to Port Arthur. At a few minutes before 1 o'clock the first shots were fired awakening the town with their thunderous noise. The gunboats lying at the mouth of the harbor joined in the cannonade of the batteries, the firing gradually increasing in volume until there was a continuous crash of great guns.

Some of the enemy's torpedo boats were discovered but they were finally swallowed up in the darkness and the batteries and warships, after 40 minutes' activity, were again shrouded in gloom, though the flashing searchlights showed that the military were alive to the warning conveyed of the approach of Japanese ships.

Second Cannonade.

Shortly before 2 o'clock a searchlight played from the sea directly upon the entrance of the harbor, lighting it up to show the way for the fireships. The projector moved to the right from Liaotishan to Golden Hill. For a quarter of an hour the light was watched with curiosity and then a second cannonade began, the heaviest fire being directed to the left of Golden Hill, where the fireships were located.

At about 4 o'clock the batteries ceased firing, save for an occasional shot.

Just about dawn the bark of the rapid-fire guns and the crackling of the mitrailleuse was heard from Golden Hill. Occasionally there were sounds of explosions as of mines going off. It was the enemy's ships striking on Russian torpedoes.

A Magnificent Sea Picture.

At this hour a magnificent sea picture was formed by the soft light of the waning moon, the orange flashes of the guns, the signal rockets and the purple fires on the steel-colored sea which were alternately lighting up and dying out. The fireships were ten in number and of about 3,000 tons each.

It is reported that two Japanese torpedo boats were sunk, the remainder withdrawing in a damaged condition.

Eight fireships were sunk and very few members of their crews were saved. Most of them were killed.

In the morning many dead bodies were seen floating about outside the harbor. These were collected by the Russians who brought them ashore and buried them.

The vigilance of the men in the watch towers and on the guard boats was astonishing. To their keen eyes was due the prompt sighting of the enemy. This new attempt of the Japanese was on a much grander scale than any heretofore made, but the moonlight aided in the discomfiture of the discovered enemy.

Bravery of Japanese.

The Japanese attacked brilliantly, without seeking to notice the murderous fire directed on them.

The Russians captured two officers and 30 men.

It is reported that 12 ships had been prepared by the Japanese but for some unknown reason two of them never attempted to approach the entrance.

It is stated the crews of the fireships included a number of Japanese cadets, who showed extraordinary bravery, especially when the ships were sinking. Several of the crew sat on the topmasts firing revolvers and then plunged into the sea. It is believed that none of the cadets was saved. The attempt to close the mouth of the harbor failed.

RUSSIAN OFFICIAL REPORTS ADMIT "VERY GREAT" LOSS

St. Petersburg, May 3.—The emperor has received the following telegram under today's date from General Kuropatkin:

"General Zassulitch's report dated today, on the night of May 1, says that the battle was fought under the following circumstances:

"The Twelfth and Twenty-second regiments and the Second and Third batteries of the Sixth brigade of artillery were engaged in the battle which began with heavy cannonading of our right flank by siege guns at Wiju and field batteries in the neighborhood.

"After a time the right of our position was assailed with extraordinary violence against the left flank of our main position at Turenchen and our position at Potietinsky. A fusillade was also begun by small parties of Japanese across the Ai river.

Front and Both Flanks.

"The situation of the defenders position became increasingly difficult, especially at Potietinsky, which was bombarded on the front and on both flanks.

"Thirty Japanese guns were pitted against our battery at Potietinsky, which, after having silenced the enemy's mountain battery, directed its fire on the Japanese infantry and sustained few losses so long as it was not obliged to take up another position, owing to the withdrawal of our infantry from the bank.

Continual Bayonet Attacks.

"The Japanese under our fire made continual bayonet attacks on our troops.

"Japanese bodies lay in heaps at the river fords.

"Simultaneously with the attack at Potietinsky an attack was being made on our left flank at Turenchen, and the Russian trenches had to be abandoned under the Japanese enfilading fire. Our reserves several times mingled with the first line, thus enabling it to maintain its position for a long time to maintain its position.

Concentrated Fire of Japanese.

"Finally all of the supports were brought up into the firing line, but owing to the great distance from our main reserve it was impossible for them to reach the advance force in time and the latter retired from the principal position to another position in the rear of Turenchen, followed by the concentrated fire of the Japanese who could not make up their minds to descend from the crest they occupied and face the fire of our batteries of Poudlenetz. They dug fresh trenches and [illegible] artillery fire on [illegible] and began to turn our left flank toward Chip-gow.

Line Suffered Heavily.

"Two battalions of the Eleventh regiment and the Third battery of the Third brigade of artillery belonging to the main reserve, were ordered to Lao-fun-hou. They occupied a position with a double firing line, thus permitting our advanced line, which had suffered heavily, and our wounded to retire.

"A battalion of the Eleventh regiment, both flanks of which were repeatedly turned by the enemy, advanced with fixed bayonets, preceded by buglers to clear a passage. The Japanese, however, declined a hand to hand conflict and receded.

"In front of the regiment a chaplain bearing a cross was struck by two bullets.

"It was only by advancing on the Japanese with the bayonet that the Seventh regiment was able to retire.

"On the arrival of the battalion of the Tenth regiment all troops were able to beat a retreat.

Losses Were Very Great.

"The losses of the Eleventh and Twelfth regiments were very great, but they are not yet exactly known. In the Eleventh the killed included

PREPARATIONS FOR SESSION OF TARIFF CONVENTION

Chief Feature Will Be Tariff Plank Which Will Be Strong for Protection.

Washington, May 3.—The platform to be adopted by the Republican national convention has been among the topics discussed at the conferences which have taken place recently at the White house. In committee rooms at the capitol and at different residences where a number of Republicans have been assembled.

Senator Lodge who is stated for chairman of the committee on resolutions at the convention, has prepared preliminary sketches of various topics that he thinks should be treated and has submitted them to senators and others for their approval or suggestions as to amendment. It is expected that before the convention meets a complete platform will be prepared which will have the approval of the president.

The principal feature of the platform will be the tariff plank, which will declare in the strongest terms the adherence of the Republican party to the principle of protection but will not bind the party to any tariff. It will say that the party is not committed to any schedule, but that changes should be made only when changed conditions of business or the treasury render it necessary or advisable.

Persons present at the recent conferences say it already has been agreed that the tariff will be revised in the fifty-ninth congress if the Republicans win in November. There is at present a determination to make the platform as brief as possible, consistently the indorsement of the administration and the acts of the party will be put in compact form.

This indorsement will be a general approval of the course of the general action of the president and the Republicans.

The plank concerning trusts, will, in effect, declare that the laws for the regulation of monopolies and the restraint of commerce should be enforced and that the enforcement of such laws has been only by a Republican administration. It also will say that it is not the policy or intention of the Republican party to assail legitimate industry and business or to infringe on the rights of persons or property. Special attention will be devoted to the phraseology of this plank.

[illegible] has been experienced in finding the proper wording for a reciprocity suggestion. Nearly all the senators who have attended the recent conferences have contributed their share and are keeping the reciprocity treaties negotiated by the McKinley administration clearly confined in committee pigeon holes. Reciprocity has not been popular in congress and it was with a great effort that the Cuban legislation was passed.

Senator Aldrich announced when the Cuban bill was under consideration that there would be no more tariff legislation by treaty. If anything is said about reciprocity it will be so worded as to mean that reciprocity shall be confined to such articles as are not in competition with products of the United States.

Mention of the financial question will consist of an allusion to the maintenance of the gold standard by the Republican party and a promise to continue the finances of the country upon a sound basis.

Disfranchisement of the negroes in southern states will be denounced as an encroachment on rights guaranteed by the constitution.

The demand for restoration of the merchant marine of the country will be renewed, but it is not the intention to indorse any specific plan.

There are several other suggestions as to planks in the platform, but the desire to have the platform as brief as [illegible]

Lieut. Devereux to Lead Big Exploring Party.

INTO BERING SEA WATERS

EXPEDITION WILL LEAVE JUNE 1 AND SPEND [illegible] MONTHS EXPLORING [illegible] FOR [illegible] — A GI[illegible] PLAN.

Upon his return from Alaska the latter part of the month, Lieut. Horace B. Devereux will prepare to lead an expedition into the Bering sea to explore the surrounding country for fur, which is known to exist there in enormous quantities.

The announcement in itself is simple, but it involves a gigantic scheme of a New York syndicate to uncover millions in fur deposits on the Bering coast. The expedition, which is to be in charge of Lieut. Devereux, is a big undertaking, and the number of men who will go into the unexplored country will represent a miniature army. There is now being outfitted on the Pacific coast a big vessel for the exclusive purpose of this expedition, and a big investment of capital is involved in the enterprise.

The news was let out from Tacoma, Wash., last night that the expedition was preparing to move and that the well known rough-rider, who served with President Roosevelt in the San Juan hill campaign, would head the [illegible] Devereux is now in Mexico, in the vicinity of Guatemala, where he went a few weeks ago with Mr. H. The [illegible] Stevens, when seen in this city, [illegible] to get the [illegible] expedition about June 1.

The journey which Lieut. Devereux and his party of men purpose making is a hazardous undertaking and will continue for [illegible] and adventure will be [illegible] ships. It will take several weeks to make the journey, according to present plans of the syndicate, about nine months will be spent in the [illegible] and the remainder in [illegible].

It is understood that New York and foreign capital are back of the enterprise. Mr. Stevens' mother, the countess Talleyrand-Perigord, lives in Paris, and Mr. Stevens, when seen in this city, [illegible]

"OLD MOSE" KILLED

PIONEER GRIZZLY WHO HAD KILLED TWO MAN AND THOUSANDS OF CATTLE IS DEAD.

Special to the Gazette.

Canon City, Colo., May 3.—Old Mose, the grizzly of Stroup ranch, who has been undisputed sage of all Colorado grizzly lore for years, is dead. He was killed by J. W. Anthony last Saturday, 35 miles northwest of Canon City on the northwest corner of Black mountain. "Old Mose" had killed two men and thousands of dollars worth of cattle.

INDICATIONS ARE THAT HE WILL SECURE AN INSTRUCTED DELEGATION FROM TODAY'S STATE CONVENTION

Des Moines, Iowa, May 3.—Indications tonight are that the Iowa Democrats will send a delegation to the St. Louis convention instructed for W. R. Hearst for president. The opponents of Mr. Hearst played their last card today and lost and unless the unexpected happens the Hearst followers will control tomorrow's state convention.

Today Chairman Jackson of the state central committee, who had been counted with the opposition camp on Hearst, voted with other members of the Hearst committee and defeated a plan of the anti's to determine the regular delegations in the state central committee instead of the credentials committee of the convention. The anti-Hearst leaders believed they had a majority in the convention and hoped to oust the Hearst delegates from seats contested contains in this manner. The fight over the contested delegates will be fought in the convention and even if Hearst's opponents admit that he is strong enough to go there to win.

Chairman Jackson's action was important for the further reason that he voted to give Charles Walsh, secretary of the national Democratic committee, a seat and vote in the state committee. Mr. Walsh has been one of the Hearst managers from the start.

[illegible] INDICTMENTS [illegible] FOR FRAUD

GRAND JURY IN DENVER MAKES CHARGES AGAINST 26 PERSONS, INCLUDING MANY WELL-KNOWN POLITICIANS.

Denver, May 3.—The grand jury returned 40 indictments against 26 persons, alleging election frauds today.

Among the persons named in the indictments and the charge against them are Julius Aichele, county clerk, receiving padded registration rolls; Walter R. Lowry, supervisor, padding registration; Charles W. Cochran, alderman, padding registration; John D. Ross, alderman, padding registration; Gus Kappan and John Kendricks, deputy constables; W. A. Dolligan, candidate for alderman on the Republican ticket; John Hall, a ward worker, and William Altman, now deceased, but formerly a ward worker, are indicted for alleged fraudulent work at the election of 1902.

The latter indictments were returned to prevent the statute of limitation running against them. Aichele is a Democrat and Lowry, Ross and Cochran are Republicans. The latter is secretary of the Republican state central committee and is a candidate for re-election on the Republican aldermanic ticket.

Frequent Showers Increased Precipitation.

FURY OF STORM SPENT

UP TO 6 O'CLOCK LAST NIGHT, EXACTLY 2.32 INCHES OF RAIN HAD FALLEN SINCE SUNDAY NIGHT.

While the storm of the past week has undoubtedly spent its fury, frequent showers yesterday increased the precipitation 42 of an inch, making the total rainfall since Sunday night up to 6 p. m. yesterday 2.32 inches.

The rain that fell last night did not add materially to the above figures, although threatening clouds held a double section in the way of rubber goods and the atmosphere was not in the least in sympathy of the cool Italian climate of which Colorado Springs boasts.

Between showers yesterday and even during the rain workmen were to be seen in all sections of the city [illegible] clean up the debris left by the storm. During the morning especially, when the sun shone brightly, great progress was made, and in many places the ground appeared very dry, so rapidly was the moisture absorbed.

The benefit to spring crops that will follow the heavy showers in the Fountain valley cannot be over-estimated, and there was general rejoicing about town yesterday that the rain had fallen so early in the season.

Three Thousand Men Idle—Ore Shipments Stopped Completely and Samplers Cease Work—Railroads Are Resuming.

Special to the Gazette.

Leadville, Colo., May 3.—Snow is still falling at intervals. It is estimated that five feet has fallen since Sunday, and it now lies on the ground four feet deep.

Ore shipments have been suspended entirely and the samplers are closed today through lack of ore to treat ment. Three thousand men on the district are idle and in addition to the heavy loss in wages the stores will greatly curtail the month's production. Many mines are closed down wholly while others are working with a very small force of men. LITERARY HONORS

Miss Murphy, High School Girl, Wins Second Place in Denver Essay Contest of the D. A. R.

Miss Lizzie Murphy, of the senior class of the High school, has been awarded second place in the essay contest recently conducted by the Denver chapter of the Daughters of the American Revolution. The first award was taken by a Denver girl. Miss Murphy's essay was entitled, "Some Causes Which Led Up to the Revolution."

MINSTRELSY IN COLLEGE TABARET SHOW

There will be 35 voices in the first part of the College minstrel show to be given as an Athletic association benefit on Friday evening. The College Glee club forms the basis of this large chorus.

A double circle will be necessary to accommodate them all. Since the program was originally arranged it has been somewhat altered to include a number by Mr. F. F. Breese, who will give an exhibition of buck and wing dancing. The program as a whole is full of fun, good songs, good jokes, good dancing, good choruses, and the end the clever comedy, "The Professor's Experiment," with the same cast as before. One specially humorous number will be Mr. Richard's Filipino stump speech.

BOY ARRESTED ON BURGLARY CHARGE.

Willie Gruber, Roy Jewell, Harry Hamilton and Willie Gorman, lads ranging from 10 to 14 years, were arrested yesterday by the police and turned over to the juvenile court to answer to a charge of burglary. It is said they forced an entrance to the general store conducted by Richmond Brothers, 2509 North Tejon street, Sunday night and secured a considerable amount of candy and tobacco. One of the proprietors, who was sleeping in the store at the time, caught the culprits.

The Missouri Pacific is the only line out of Colorado Springs that runs chair cars, dining cars, and Pullman sleepers through to St. Louis without change. See D. & R. G. agent.

Meet Books

It's hard to realize that the commencement season is right at hand, but such is the case.

Time to buy—not to send away.

Books come first, of course but what a difference in books.

We doubt if there is a store in this part of the state with so complete a line of choice books suitable for graduating presents as "The Foltz-Hardy Store."

Why, we have prepared and are preparing for the commencement season just as painstakingly as for Christmas or Easter.

Books—good books, and everything else for commencement.

A MILLION A MILE

One million dollars per mile is the estimated cost of constructing a tunnel four miles in length, on the line of the new Moffat railroad, from Denver, Colorado, to Salt Lake City, Utah. Contractors hesitate about bidding for the work, because the hardness of the granite through which the tunnel must be bored. Sticks of dynamite make little impression on the rock, and the railroad company itself, may have to build the tunnel.

JAPANESE ATTACK THE RUSSIANS

Japanese Made Another Apparently Unsuccessful Attempt to Block Port Arthur---Two Torpedo Boats Lost.

St. Petersburg, May 3.—Rear Admiral Grand Duke Alexis has received the following official telegram from Viceroy Alexieff reporting the Japanese attempt to block Port Arthur early this morning:

"I respectfully report to your highness that a fresh attack was made by the enemy last night with the object of obstructing the entrance to the port and that it was successfully repelled.

"At 1 o'clock this morning five torpedo boats were perceived near the coast from the eastern batteries. Under the fire of our warships and batteries they retreated southward.

"At 1:45 o'clock the first fire ship, escorted by several torpedo boats, were sighted, and we opened fire upon them from the batteries and the warships. Three quarters of an hour afterward our searchlights revealed a number of fire ships making for the entrance of the harbor from the east and southwest. The coast defense vessels Otvashni and Gremyashtchi and the gunboat Giliak replied to them by a well directed fire.

Eight Ships Were Sunk

"Altogether eight ships were sunk by our vigorous cannonade, by Whitehead torpedoes launched from our torpedo boats and by the explosion of several submarine mines. Further, according to the report of officers commanding the batteries, two Japanese torpedo boats were destroyed.

"After 4 o'clock a. m., the batteries and warships ceased firing, subsequently firing only at intervals on the enemy's torpedo boats, which were visible on the horizon. All the fireships carried quick-firing guns, with which they maintained a constant fire.

"Up to the present 20 men including two mortally wounded officers who took refuge on a launch or were rescued from the fireships by us have been picked up. The inspection of the roadstead and the work of saving the enemy's men were hindered by the heavy sea running. We suffered no casualties with the exception of a seaman belonging to a torpedo-boat destroyer.

"On the appearance of the first fire ships and torpedo boats, I boarded a launch and proceeded to the Otvashni to take immediate measures for repelling the fireships. With me were Lieut. General Zalinski and Captain Eberhardt of the naval general staff. Lieut. General Stoessel was on the fortifications at the same time and General Loschinsky, chief of the defense force of the forts, was on board the Gilnak."

The Japanese Crews.

Port Arthur, May 3.—The crews of the Japanese fireships which were sunk this morning while attempting to block the channel tried to save themselves by boats in which they put to sea. A majority of them were killed by the Russian machine guns and rifles. Some of the survivors were picked up.

At daybreak a number of Japanese were seen clinging to the masts and funnels of the sunken vessels, and these were rescued by the Russians. Thirteen of the wounded Japanese have since died. The Russians supplied the survivors with food and clothing, and the wounded were taken to the hospital ship Mongolia.

During the morning 10 of the enemy's torpedo boats remained in the offing and were fired on at long range.

At 5:30 o'clock it was signaled that there was a Japanese fleet in the vicinity and that two of the enemy's launches had been run ashore.

The town is quiet. Large crowds watched this morning's operations with great interest.

Grand Duke Boris arrived here this evening.

UNOFFICIAL REPORT OF CAPTURE OF NEW CHWANG

London, May 4.—The Chefoo correspondent of the Daily Chronicle cables the following under Tuesday's date:

"The Japanese landed troops and attacked and captured New Chwang last evening, the Russians falling back to protect the railway."

The Daily Chronicle's report of the capture of New Chwang is not confirmed from any quarter and it is hardly likely it is true as the news would certainly have reached Chefoo. The official dispatch from Lieut. General Sakharoff, however, seems to indicate that the Japanese are directing their attention to this point.

The Russian official dispatch, although belated, displays the customary candor in fully confirming the disastrous nature of the rout sustained on the Yalu. To the Russian official frankness in this respect is attributed the universal belief of the Russian people that initial reverses are of no consequence, and that eventual triumph is inevitable.

A special dispatch from St. Petersburg asserts that Lieut. General Zassulitch left into an ambuscade owing to the Japanese interrupting a telegram from General Kuropatkin.

According to the Standard's St. Petersburg correspondent, General Kuropatkin is recalling all the troops from the neighborhood of Gensan. He is opposed, the correspondent says, to fighting many minor actions and intends to withdraw all outlying Russian forces.

The Standard's Shanghai correspondent says that before evacuating Antung the Russians excelled the population by force. He adds that the Peking government has refused General Mas's request to be permitted to expel the Russian troops from west of the Liao river.

The correspondent at Shanghai of the Daily Telegraph says it is understood all superannuitants, books left and all official documents and valuables have been removed from Dalny, and that all the guns from the disabled warships at Port Arthur have been taken ashore to the forts.

The Daily Mail's Chefoo correspondent reports that the Japanese fleet is off Porth Arthur.

RUSSIAN OFFICIALS REPORT "VERY GREAT" LOSS

(Continued from Page 1.)

Col. Lansing and Lieut. Colonels Dogeti and Rajevski. The Twelfth lost nine company commanders killed or wounded.

"The Second and Third batteries of the Sixth brigade having lost the greater number of their men and horses, were compelled to abandon their guns after rendering them useless. For the same reason six guns of the Third battery of the Third brigade of artillery and eight Poulemets which could not be brought away, were disabled. The mountainous nature of the country made it impossible to save the guns by means of drag ropes.

Eight Hundred Wounded.

"Up to the present 800 wounded, including 14 officers, have been brought to the hospital at Feng-wang-cheng. Their eventual transportation elsewhere is assured.

"Japanese cavalry appeared to the southeast of Feng-wang-cheng, but seeing two companies with two guns opposed to it, it did not venture to approach.

"The transportation of the wounded by hired Chinese bearers, to Feng-wang-cheng was very difficult. Two-wheeled carts and horses lent by the cavalry were also utilized for this purpose. Most of the wounded, however, arrived on foot, assisted by their comrades, and reached Feng-wang-cheng within 24 hours.

"Lieut. General Zapsalitch declares that the troops retained their morale notwithstanding the heavy losses, and are ready for fresh engagements.

Japan Loses Heavy.

The Japanese losses were very heavy at the passage of the river at their position at Turenchen, and on the hill occupied by two battalions of the Eleventh regiment.

"According to statements of participants in the battle, at least 3,000 or 4,000 were killed."

TO INSTALL SPIRIT OF BUDDHA TODAY.

Seoul, Thursday, April 28.—(Delayed in transmission.)—A telegram has been received from the Japanese consul at Gensan saying that he has reports from the north to the effect that 400 Russian troops are at Hyong-hong, a place north of Kil-ju and near Tumen river.

The emperor of Korea has given an audience to M. Hayashi, the Japanese minister, and to Hino, a Buddhist cardinal. The emperor was most gracious to the priests who has come out to the war as the fighting abbots of the middle ages went forth to preach to the soldiers in the field and instill in them the spirit of Buddhism militant.

VICTORY CAUSES POPULAR DEMONSTRATION IN TOKIO

Tokio, May 3.—5 p. m.—The greatest popular demonstration since the beginning of the war occurred in Tokio this evening. The entire capital is showing its joy at the Japanese victory on the Yalu. Thousands of people, half of whom are women, paraded the streets in celebration of the triumph of their arms. There were dozens of parades in as many different quarters and they later were all centralized in one grand pageant. The students composed one parade and they all carried red lanterns. The streets are still lined with thousands of people and the entire city is decorated with flags and lanterns.

EMPEROR GRIEVED AND KUROPATKIN SURPRISED.

St. Petersburg, May 3.—The emperor is understood to be greatly grieved over the losses sustained on the Yalu. Those who have seen his majesty say that he was dumfounded when he was informed of the heavy fighting which attended the passage of the river. As is well understood here, General Kuropatkin's program did not contemplate such resistance to the Japanese advance. It is said, moreover, that Kuropatkin himself was equally surprised.

JAPANESE BOARS UP AND RUSSIAN DOWN.

London, May 3.—Japanese bonds were marked up 1½ on the stock exchange today on the Japanese success, while Russians were ½ down.

AIR HOLE OR SNOW NEAR BUENA VISTA

Denver, May 3.—A Republican special from Buena Vista, Colo., says that after an abeyance of several hours the storm which has practically suspended railroad traffic in that section is resumed with added force this afternoon. Six feet of snow has fallen in the mountains and while the fall has been heavy in the valleys only about six inches remains on the ground, the rest having melted. Considerable apprehension is felt for the safety of the Twin Lakes reservoir which is reported to be running full of water. The Colorado Midland railroad has abandoned its tracks in that vicinity and is using the Rio Grande tracks. The trains on the latter road are 12 hours behind the schedule. The Colorado & Southern has operated no trains on the Gunnison branch since Monday morning on account of deep snow which is piled high at oth openings of the tunnel.

To Prove what Swamp-Root, the Great Kidney Remedy, will do for YOU, Every Reader of "Gazette" May Have a Sample Bottle Sent Free by Mail.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease. Therefore, when through neglect or other cause, kidney trouble is permitted to continue, fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and need attention first.

If you are sick or feel badly, begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver, and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will put your whole system right, and the best proof of this is a trial.

16 College St., Malone, N. Y.

Dear Sir:—

"Ever since I was in the army I had more or less kidney trouble, and while in the field here it became so severe and complicated that I suffered everything, and was unable to perform my duties. I saw an advertisement of Swamp-Root and wrote to you for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.

I continued to use it and am thankful to say that I am entirely cured and strong. In order to be sure the cure was complete, I had a doctor examine some of my water today and he pronounced it healthy, and in a normal state.

I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers, I am,

Very truly yours,

J. C. BENJAMIN.

You may have a sample bottle of this great kidney, liver and bladder remedy sent free by mail, postpaid, by which you may test its virtues for such diseases of kidneys, bladder and urine and the many pain diseases, being obliged to pass your water frequently night and day, smarting or irritation in passing, brick dust or sediment in the urine, headache, backache, lame back, dizziness, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, diabetes, bloating, irritability, worrisome feeling, lack of ambition, loss of flesh, sallow complexion, or dyspeptic stomach.

If your urine, when allowed to remain undisturbed in a glass or bottle for 24 hours, forms a sediment or settling, or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

Swamp-Root is the great discovery of Dr. Kilmer, the eminent kidney and bladder specialist. Hundreds use it with wonderful success in both slight and serious cases. Doctors recommend it to their patients, and use it in their own families, because they recognize in Swamp-Root the greatest and most successful remedy.

Swamp-Root is pleasant to take and is for sale at drug stores the world over in bottles of two sizes and two prices—fifty cents and one dollar. Remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTE. So successful is Swamp-Root in promptly curing even the most distressing cases of kidney, liver or bladder troubles, that to make information both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women cured. The value and success of Swamp-Root is so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Colorado Springs Daily Gazette. The proprietors of this paper guarantee the genuineness of this offer.

ANGRY MINERS STRIKE AGAIN

COMMISSIONERS OF MINERS AND [illegible] COAL AND COKE COMPANY IS APPARENTLY WITHOUT RESULT.

Special to the Gazette.

Denver, May 3—A committee of miners from the south was in conference with the heads of the Northern Coal and Coke company at its offices here today. President F. F. Straby and Attorney James H. Blood spent nearly four hours talking to the men. When [illegible] that nothing had been accomplished to the end of a settlement of the trouble which has broken out afresh.

"We will have either to curtail production or reduce the cost thereof. The direct proposition put to the men by the Northern Coal and Coke company, 'It is not fair to us that we should pay higher wages for less hours than is paid by other operators in the state,' said Messrs. Blood and Straby to the committee which met them this morning.

"And the miners will not work for less than $3 a day and they will not work longer than eight hours a day," was the prompt answer of the committee.

If the operators mean what they say and the men adhere to their position there is bound to be another strike in the north.

CONDUCTOR LOCKED IN A REFRIGERATOR CAR FOR A WEEK WAS RESCUED AT PUEBLO NEARLY DEAD.

Special to the Gazette.

Pueblo, May 3—Almost dead from thirst and starvation, having had nothing to exist upon for seven days except lemons John Phillips of Tehno, Calif., was rescued from a refrigerator car in the Rio Grande yards here. Phillips had been a prisoner in the car seven days and was unconscious two days. A brakeman passing the car heard his moans and breaking open the door found the man almost dead. He was revived and said he had entered the car at Salt Lake City. It was afterward locked and sealed and during the time it was en route to Pueblo he was a prisoner, having nothing to eat but lemons and quenching his thirst with the juice. He is on his way to the World's fair.

FOUGHT MANIACS IN A BOX CAR

DESPERATE STRUGGLE OF TWO MEN TOOK PLACE YESTERDAY AFTERNOON BETWEEN WALSENBURG AND PUEBLO.

Special to the Gazette.

Pueblo, May 3—After a desperate struggle in a box car this afternoon E. M. Martin of Walsenburg, Colo., finally succeeded in overpowering and disarming John Hickman who sought to murder him. With the words, "I got Brown in Albuquerque and now I am going to get you," the maniac drew his revolver and leveled it at the head of his intended victim. Martin sprang upon him and a desperate struggle for possession of the gun ensued. The clothing of both the principals was considerably torn during the conflict but Martin finally gained possession of the gun and brought his prisoner to Pueblo where he was placed under arrest. It is thought that the man is insane. Martin had boarded the box car at Walsenburg to come to Pueblo.

MANY OUT OF LAKE COUNTY COMMISSIONERS

Special to the Gazette.

Leadville, May 3—Complete harmony marked the deliberations of the county commissioners today and the entire organization as at present constituted was continued for another year. The following were re-elected to office:

GRASS STRAIN CHARGED IN [illegible]

FLEGGED BROOM BY CRESCEUS

Chicago, May 3—The board of appeals of the American Trotting association at a meeting here today refused to recognize the record of 1:59¾ claimed to have been made by Crescens on the ground of the Wichita fair grounds last fall. The finding of the association follows:

"From the evidence submitted by the South[illegible] Kansas Fair association, Wichita, Kan., and George Ketcham, Toledo, we find that the performance of Crescens on the grounds of the Wichita Fair association at Wichita, Kan., on the 28th of October, 1903, was not conducted in accordance with the rules of the American Trotting association governing performances against time and that the time of 1:59¾ then and there claimed to have been made by said horse is neither a record nor a bar under the said rules.

"It is therefore ordered and determined that the application to establish such record be and the same is hereby denied.

"The sworn evidence presented to the board, covering all the circumstances surrounding the effort, shows irregularity and indicates that gross frauds were attempted, not only upon this association, but against the entire public, and under the rules of this association it becomes our duty to nullify the efforts thereof so far as possible.

"It is therefore further ordered that the secretary be and he is hereby directed to institute an action under our rules against the said Wichita Fair association, its officers, directors, agents and all parties participating in the said performance to the end that they show cause before this board at its next regular meeting in December, 1904, why said Wichita Fair association and its officers, agents, attorneys and all such persons should not be penalized.

W. H. Ijams of Indianapolis, presided at today's meeting. The board finished its work tonight and adjourned subject to call.

St. Joe Lost by Score of Only 5 to 4.

FOUR RUNS IN THE EIGHTH

DIEHL WAS A HARD PROPOSITION FOR THE CUBS ALLOWING THEM A TOTAL OF ONLY EIGHT HITS.

Special to the Gazette.

Denver, May 3—Neither Denver nor St. Joseph played ball today that will go down in history. St. Joseph lost, score 5 to 4. Diehl was a hard proposition for the Cubs, allowing them only eight hits, while Eyler gave up eleven safe ones. At the same time Diehl allowed two bases on balls and failed to strike out a man. Eyler gave his eleven hits but furnished no passes and fanned a quintet of the visitors. St. Joe did not score until the first half of the eighth and then Eyler was found and the Saintly bunch rolled through with four runs.

Ketchem started the run business in the first with a hit that landed him at second. Smith sacrificed and Hartzell hit and scored Ketchem. In the fourth Hallman soaked the cover for two bags and Hayes and Braun went out. Lucia went to it for a safe one and Hallman slid into the home station on his face. Eyler came up with a hit, and then Ketchem turned loose a three-bagger that brought in Lucia and scored himself, while Braun was engaged in going out. The Friars made their four in the eighth when they began solving the things on Eyler's purple page. Diehl, who hits as well as he pitches, and that's going some, started the thing and was followed by Semple, McBride and Hartman, the three bright particular stars of the visiting aggregation.

IOWA [illegible] OF RALLY TONIGHT ARRIVAL HERE ONLY A AND HOPE TO SCALP THE MILLIONAIRES TODAY.

Big Chief Jay Andrews and his lily band of Sioux will hold their first pow wow this afternoon with Jimmie Ryan's wampum collectors at the Boulevard baseball ground. The Sioux, accompanied also by their great sachem, President Nation, crept in during the dampness and pitched their tepees at the Alamo hotel, where they spent the day yesterday in sharpening up their tomahawks for the scalping that they hope is to come.

Andrews says he is satisfied with the way his men have been playing, but solemnly remarks, with a view of driving cold chills down the spinal columns of Jamesie that they "haven't struck their gait. "Everybody is with us down in Sioux City," said Jay last night, "and naturally we feel as if we wanted to win honors in return. We have some good pitchers, and while the team has been shifted around a good deal on account of accidents, we are rounding into shape nicely."

Rain prevented yesterday's game, but if Old Sol gets a long shot at the ball on Boulevard park there will be a contest this afternoon.

Captain Andrews last night announced the following batting order for the visitors: Eagburn, lf; Farmer, ss; Andrews, 3b; Hardest effort, rays Jay, Bunn, rf; Messerly, 1b; Hour of Hell, 2b; Hess or Hessler, c; Hindman, Barber, Kristo, Cadwallader and Jarrett, pitchers.

Andrews and Jimmie Ryan are old friends. If they don't quarrel this afternoon.

Andrews says that a ball player is no good until he has been released several times. According to that some ex-Colorado Springs players are on the high road to success.

Andrews has purchased Hessler, the Denver substitute catcher. Maybe as if Texas would have Lucia do the chief stunt behind the bat for Denver this summer.

Back to the ocean go the Prohibitionists. The Park Chip spirit has been there so long that they have already become slightly mildewed.

If the Grizzlies don't hit the toboggan soon George Tebeau will take his little hatchet and begin chopping down a pine tree for his pennant pole.

The Sioux City diamond is wedded and the Sioux are used to the grass.

It is "Dusty" Coons' turn to do the bearing for the locals. Lindaman will probably serve the chunk for the visitors.

Jay Andrews says Jarrett is not the only string pitcher on his list.

[illegible] DELEGATION FROM LOUISIANA

New Orleans, May 3—After a long and hard struggle the leaders of the Lily White Republicans in caucus today decided against the steps and it was agreed to send a solid white delegation at large to the Chicago convention, instructed for President Roosevelt. Collector of the Port Harry McCall and ex-Governor Warmoth fought hard to get a plank on the delegation, believing it would be beneficial to President Roosevelt in the doubtful states, but Chairman Frank B. Willis led a strong fight for an all white delegation. The delegates chosen are: Pearl Wright, H. C. Warmoth, W. J. Behan and L. F. Suthon.

COUNTY TREASURER MAKES A BIG INVESTMENT IN MANITOU PROPERTY—HOTEL VALUED AT $40,000.

The Barker house, one of Manitou's largest and best-known hotels, located on Manitou avenue, about one block east of the Soda spring, has been purchased by Charles A. Pollen, treasurer of El Paso county. Mr. Pollen has just returned from St. Louis where the deal was closed. The hotel was owned by Walter F. Holbrook and others of that city. The consideration is not made public, but it is known that the property was valued near $40,000. The Dayle Realty company negotiated the transaction.

The Barker house was erected about 14 years ago. It is is a house of 104 rooms, partly modern, and when new was valued around $100,000. The hotel has been conducted until recently by C. W. Barker, a resident of Manitou, who gave the establishment its name. Mr. Barker now holds a lease on the hotel and will run it this season. His lease expires October 1.

Mr. Pollen has bought the property as an investment.

MESSRS. BONDAY AND WADE TO COVER MANY MILES IN AN AUTO CAR, STARTING FROM NEW YORK.

C. E. Bonday and Bert Wade, both well-known automobilists of this city, will make the trip from the Atlantic coast to Colorado Springs via auto this fall.

Mr. Wade left last night for the east to join Mr. Bonday in New York. They shipped their machine east and upon arrival Mr. Wade will set it up for the tour.

From New York Mr. Bonday and Mr. Wade will go to Chicago. From Chicago they will to go Baltimore and from Baltimore to Washington. From Washington they will take the national road to St. Louis for a visit to the World's fair. From St. Louis they will start across the plains for home.

They expect to return to Colorado Springs in October.

THE ALBANY HOTEL, DENVER.

New Owners Took the Management May 1—Well-Known and Popular in Colorado.

William Maher and S. E. Dutton are the new owners of the Albany hotel in Denver, and are now in charge of that house, so justly popular with all Colorado visitors to the capital city.

Mr. Maher is known as a most successful caterer all over the Rocky Mountain region. He made his good name in Denver and to Denver and her visitors he will continue to give his time and energy. Mr. Dutton is a hotel man with a wide varied and, therefore, valuable experience, having been manager of the Harvey system of railroad hotels for three years and later under a former ownership manager of the Albany. Both of these gentlemen will in person welcome their guests. The Albany is intended by these gentlemen to be the real hunting and comfortable home of every visiting Coloradoan in Denver. The table will be of surpassing excellence and at popular prices. The rooms will have new furniture, new carpets, new draperies and new decorations. In addition every room will have a telephone, stationary washstands with hot and cold water and other desirable improvements. When in Denver stop at the Albany and get perfect accommodations with real hospitality from the new owners thrown in.

ENTRIES ARE DUE AT BOULDER, AND THERE WILL BE NO FURTHER DELAY IN PULLING OFF LOCAL.

The weather permitting, the local High school will hold its annual field meet this afternoon on Washburn field promptly at 2 o'clock. Although the track is not yet in the best of condition, it is almost absolutely necessary that the meet be held, since the entries for the state interscholastic meet are now due at Boulder. The meet is held primarily to select the final team to represent the brown and white at the state meet on May 14, but it will also be the occasion of a close and interesting contest between the four classes of the school for supremacy in track and field athletics.

There will be in all 17 events, as follows: 50-yard dash, class B; shot put; 100-yard dash, class A; 100-yard dash, class B; pole vault; 120-yard hurdle; 220-yard dash class A; running broad jump; 220-yard dash, class B; 220-yard hurdle; high jump; 440-yard dash, class A; 440-yard dash, class B; hammer throw; 880-yard run; half-mile walk; half-mile relay.

CRITICALLY ILL.

Chas. A. Grant, Well-Known City Official of Manitou, Dangerously Ill With Inflammation of Heart.

Mr. Charles A. Grant, city clerk and recorder of Manitou, who is so critically ill, was somewhat more comfortable yesterday, although not out of danger.

On Sunday Mr. Grant was so ill that a consultation of physicians was held. He is suffering from acute inflammation of the heart and as he is far from a robust man the gravity of the malady gave rise to fears for his life.

Mrs. Charles Leese and son William go to Denver Thursday to spend a few weeks with her parents.

Mr. J. Ward, who has been visiting relatives on the Iron Springs road for the past two months returns to Denver tomorrow.

Miss Mary Bacon of Colorado college spent Sunday with her cousin on the Iron Springs road.

C. H. Austin of the Caves and Caverns, is visiting relatives in Nebraska.

Dr. Sarah Spottswood and husband, of Orange, N. J., and Dr. Eliza Cusler and Dr. Emily Blackwell of Mt. Clair, N. J., are at the Cliff house. Dr. Blackwell is one of the pioneer women physicians of the country.

The lime kiln and quarries have been shut down for a time, the workmen having been transferred to Temple drive, so that the road to the Caves may be repaired as soon as possible.

Mrs. George Wise and Miss Dietrich, accompanied by G. Wise of Kansas City, spent Sunday at the Cliff house.

Mrs. Collins and daughter Nell left for their home in Rhinelander, Wis., today. Miss Collins, who is here for her health and is steadily improving, will remain at the Bellevue this summer.

The public school children were given a holiday Monday owing to the severe storm and the small attendance.

Miss Clara Grant of Detroit, Mich., is visiting the Misses Hulburt on Canon avenue.

L. Grossborough of Petoskey, Mich., is a guest at the Norris.

Mrs. M. E. Gillitson sold her barber shop on Canon avenue to John Nolan. It will still be run by J. M. Sullivan.

ANNUAL MEETINGS FOR Y. M. C. A. AND W. C. A. WORKERS

Banquet and Reports of the Officers.

THE QUARTERLY MEETING

ALL DEPARTMENTS OF INSTITUTION IN FLOURISHING CONDITION — ENCOURAGING WORDS FROM PROF. PARSONS.

The members of the Y. M. C. A. met for their quarterly banquet last evening at 6:30 o'clock in the association banquet hall.

The arrangements were under the supervision of Mrs. C. C. Dickey. Those assisting were Mrs. D. A. Russell, Mrs. F. M. Weathers, Mrs. C. C. Owens and Mrs. E. Cockrill.

The tables were prettily decorated with pink carnations, the donation of the Colorado Springs Floral company. The menu was an abundant and palatable one.

After full justice had been paid to the banquet, Mr. T. P. Barber, as toastmaster, called for the quarterly reports from chairmen of committees, etc. Secretary Day introduced a resolution which changes the beginning of the association year from October 1 to July 1.

C. G. Collais reported for the religious department that splendid work had been done, particularly since the new building was completed.

Work of the Gym.

For the physical department W. D. Waltman reported 444 members, May 1. During the quarter there had been 207 classes, 4,264 total attendance, 21 average attendance.

C. L. Herrington of the social committee reported efficient work by the members who were detailed to be at the building evenings and pay attention to those who came there.

Professor John Dietrich presented the report of the educational committee for the year. A growth of interest in, and support of the educational department was noted, as manifested by the large attendance upon the night school lectures, course of practical talks and the increased use of the reading room.

M. A. Skinner reported that the active membership of the Colorado Springs Y. M. C. A. May 1 was 966. That by cooperation of the members the 1,000 mark could easily be passed and maintained always.

A. L. Bedford of the sick visitation committee reported 70 calls made the past quarter and stated that the work is limited because cases are not reported to those willing to cheer men, sick, alone and in need.

Professor A. T. Reed reported for the boys department a membership of 225 May 1, and everything in excellent shape.

Prof. Parsons' Address.

The main feature of the occasion was the admirable address of Professor Edward S. Parsons on "The Social Department of the Work of the Young Men's Christian Association." He said that there were a good many avenues of approach in reaching a personality, the brass band of the Salvation army, the accomplishments of the beggar, etc. "Young men and boys are gregarious, they like to get together, so the social channel is a main approach, to give pleasure, then will be a means to an end, to lead on to the religious life."

The saying of Ex-Governor Alva Adams was quoted, "A dozen determined men could overturn any entrenched evil in Colorado"—so men banded together in the right spirit can accomplish wonders. "Banish the question of politics, stand only for business-like methods and honesty then uprightness will prevail. Opportunities privileges."

The last speaker was Secretary W. H. Day. He paid high tribute to the faithfulness and loyalty of the Y. M. C. A. employes, especially to C. H. Smith, just resigned and replied at the very definite and important steps taken in advance by the local association.

Joining hands all sang the closing hymn, "Blest Be the Tie That Binds."

Among Those Present.

The guests were:

Wm. C. Murrell, Wm. G. Fox, F. C. Hahn, W. A. Gross, Robert Rothwell, C. L. Herrington, C. W. Manley, M. A. Skinner, C. G. Collais, H. C. Morse, C. S. Gambrill, Prof. Jno. Dietrich, H. H. Stewart, Prof. Edward S. Parsons, T. P. Barber, W. H. Day, A. T. Reed, W. W. Williamson, W. N. Burgess, E. B. Simmons, H. G. Laing, A. D. Bickford, Geo. H. Ziegler, W. E. Greenawalt, Will D. Waltman, Walter S. Reed, J. W. Leslie, Chas. Chapman, Carey J. Trammel, J. J. Hoffer, Dr. O. W. Snider, L. W. Merchant, W. B. Kinnie, Luke Russell.

Directors' Meetings.

The regular monthly meeting of the board of directors of the Young Men's Christian association was held yesterday afternoon in the office of the general secretary, W. H. Day.

The chief matter of business was the appointment of a successor to Mr. Charles H. Smith, assistant secretary, who was called away last Saturday night through the serious illness of his father. The selection was left to the house committee, Messrs. C. P. Dodge, E. B. Simmons and M. A. Skinner.

The outlook for the association is most promising and all lines of work are progressing most favorably.

Personal Mention

T. E. Fisher, the well-known railroad man, is in the city.

The Sioux City baseball team, numbering 14, is stopping at the Alamo hotel.

Mr. and Mrs. W. O. Jackson left yesterday over the Rock Island for Chicago.

Ellis Farnsworth, traveling passenger agent of the Missouri Pacific, was here yesterday.

Mr. and Mrs. T. F. Allen have returned from California where they have been spending the past few months.

George M. Darley, of Ouray, is visiting his son, Marshall Darley, a student at Colorado college. Mr. Darley is stopping at the Plaza.

The Misses Laura and Helen Pearson, who have been prominent members of the Swedish Lutheran church for the past few years, have gone to their former home in Topeka, Kansas.

W. D. Merlan, a well-known mining man formerly of this city, but now living in Durango, was in the city yesterday.

W. W. Doty, former clerk of the Alta Vista has gone to Denver where he has accepted the position of chief clerk at the Albany hotel. W. A. Whitcomb has taken the position formerly occupied by Mr. Doty.

IF YOU HAVE DYSPEPSIA, READ THIS

The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They must be put up in tablets or in liquid, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and you have your dyspepsia or indigestion back again. People use cocaine or opium for relief. Troubles and sick-headache, it does not cure, stop taking the drugs and the pain and distress return. The only Columbian Seine Method is to drive out of the system the cause of dyspepsia and sick headache, by cleansing the stomach and bowels at the same time using a medicine that will act on the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c per box. It only takes one pill for a dose. For sale by Hefley-Arcularius Drug Co.

MINING STUDENTS HERE TO MAKE INVESTIGATIONS

A party of 15 students in charge of Prof. W. R. Appleby and Prof. P. Climsteanson, of the Minneapolis School of Mines, spent yesterday in Colorado Springs. The students are making a practical study of mines and working in Colorado. They visited the smelters and took a trip into the mountains to study the rock formations. The party leaves for Pueblo this morning.

NEW SURVEY OF THE ALASKAN BOUNDARY.

Vancouver, B. C., May 3.—W. F. King, Canadian boundary commissioner, is en route to Vancouver to arrange for the dispatch of three Canadian parties of surveyors who are to work jointly with the American surveyors in delimiting the Alaskan boundary under the London award of last year. Two Canadian and two United States parties will survey the country where the boundary will cross the headwaters of the Lynn canal, Chilkat river. A joint party will make a survey on the Stikine. This will delimit the more important districts through which the boundary will pass. The total distance to be surveyed extends about five hundred and fifty miles from Mount St. Elias, east and south.

DAILY BAND CONCERTS AT THE EXPOSITION.

St. Louis, Mo., May 3.—A complete program of band concerts was inaugurated today, the concerts being rendered by Sousa's, Innes' and Weil's bands, beginning in the early forenoon, continuing all day and until closing time at night. Daily band concerts will be one of the features of the exposition.

The feature of today's program was the dedication of Connecticut's state building a reproduction of the old mansion at Hartford that was occupied by Lydia Huntley Sigourney, famous as a writer of poetry. President A. L. Wilcox of the Connecticut state commission, formally tendered the building to the state and it was accepted by Lieutenant Governor Roberts. Several others delivered speeches.

AMUSEMENTS.

Opera House Vaudeville.

The vaudeville at the Opera house grows in popularity with all who have seen the bill this week. It is a very musical program and of a high order of excellence.

Last evening a picture of the railroad wreck on South Tejon street that occurred yesterday was thrown on the screen. It was a fine picture and made an interesting subject. It will be repeated today.

The program this week should appeal especially to the ladies, as it is given largely by ladies.

Georgia Minstrels.

S. H. Dudley, the Lone Star comedian, created a whole lot of talk last season with Richards & Pringle's Famous Georgia Minstrels, and is with them again this year, appearing at the Opera house Saturday afternoon and evening.

The company this season is a large one, numbering over fifty people, and boasts of having the six highest salaried solo singers in America.

The big parade, using two bands, takes place about noon. Matinee prices will be: Children, 25c; adults, 50c. Evening prices, 25c, 50c, and 75c.

A Brilliant Production.

Anna Held in F. Ziegfeld, Jr.'s production of Jean Richepin's "Mamselle Napoleon," will be seen at the Opera house next Tuesday. The play has been adapted for use on the American stage by Joseph W. Herbert, and the musical score has been provided by Gustav Luders, composer of "The Prince of Pilsen," "King Dodo" and other successes.

The scene of the play is laid in France during the most brilliant period of the Napoleonic regime, the character assumed by Miss Held being that of the emperor's favorite actress, Mlle Mars. The play is in three acts and five tableaux, and has no fewer than 44 speaking or singing parts, to say nothing of a chorus of over 100 persons.

The first act shows the green room of the Comedie Francaise in 1809. The second act takes place on the lake at Compegne, Napoleon's summer residence. The stage represents an island in the middle of the lake, in moonlight, and with the chateau illuminated for an imperial fete in the background.

The third act, first scene, represents the interior of the Grand Opera house, Paris, during a masked ball. The second scene shows the historic "Return from Elba" with the emperor and his staff on horseback at the head of a battalion of grenadier guards.

The company includes Joseph W. Herbert, Knox Wilson, Henry Bergman, Arthur Laurence, Fletcher Norton, Harry M. Blake, Billy Norton, and the rest of the original cast from the Knickerbocker theater, New York.

At The Empire.

For the second night this week this theater opened in the rain and the house was packed at all performances.

The new people that were delayed by the storm appeared last night and the performance was strengthened wonderfully.

Miss Gladys Middleton, a soprano, sang "The Eternal City" beautifully and for the illustrated song "My Old New Hampshire Home," which found immediate favor with the audience, Thompson & Kendall, the cornetists, are continuing to please all by their choice duets.

Sever and Westbrook are one of the strongest teams ever seen in this part of the country. Mr. Sever's dancing is a decided novelty.

GREAT SERVICE OF ASSOCIATED PRESS

IT IS customary for some of the large newspapers of New York, Chicago, etc., to lay special stress upon the service, which they are inclined to think is superior to the Associated Press.

But the two greatest events of the present war, the sinking of the Petropavlovsk and the great land battle of last Sunday, have entirely corrected that impression in the minds of all fair and dispassionate readers.

The dispatch concerning the disaster to the Russian warship was a brilliant piece of work of nearly 2,000 words. It was better than any special dispatch that had hitherto appeared and was the first connected and succinct account of the disaster. Such a message cabled under the seas must have cost the Associated Press at least $1,000.

Similarly, on last Monday morning, the Gazette was enabled to lay before its readers two splendid accounts of the great Sunday battle upon the Yalu, a battle which took place at a point some distance away from the headquarters of the newspaper correspondents.

The governments of Tokio and St. Petersburg both received early and complete information and this was cabled by the Associated Press to every newspaper of its large constituency. In this case also the special correspondents were distanced and the Associated Press contained the only complete and accurate story of the great battle.

NEGRO EDUCATION IN THE SOUTH

THE most sensible, patriotic, and Christian view of the negro question in the south has just been expressed by Bishop Galloway of Mississippi at the conference in Birmingham, Alabama, for the promotion of education in the south. Leading men of both sections of the country were in attendance, and the conclusion of Bishop Galloway's address was greeted with hearty cheers of approval.

Bishop Galloway is a Mississippian and he spoke with a fundamental knowledge of conditions in the south affecting both whites and blacks. As to social conditions, danger of negro domination, and kindred political bugaboos, he swept them away, as they deserve to be swept away, in a few sentences.

Bishop Galloway asserts from personal knowledge and life-long association with conditions, that there will never be a social mingling of the races. That the barriers now existing between the whites and the blacks will never be lowered. So far as political power is concerned it will always remain in the hands of the whites. At the same time the blacks are there to stay, and in view of that fact their mental and material advancement is of the utmost importance to the whites of the south. Education alone can procure the permanent advancement of the negro, Bishop Galloway said:

"The right education of the negro is at once a duty and a necessity. The policy of enforced ignorance is illogical, un-American and un-Christian. It is possible under a despotism, but perilous in a republic. The suppression of education among the blacks could not but work harm to both races. The greatest honor the south could achieve would be the education of the negro."

Bishop Galloway controverted the idea that education overpasses the disposition of the negro to crime. He declared that statistics prove that 40 per cent more cases of criminal assault were found among the ignorant negros, than among those who had even a rudimentary education.

It is refreshing to find in a man of high culture, and one native to the soil, views which are so consonant with christianity, and the experience of the world and society, and at the same time so destructive of the tenets of a man like Governor Vardeman of Mississippi, who believes that the entire negro race should be condemned to ignorance and eternal degradation.

Negro domination even in the black belt of the south can never become a possibility unless through the deterioration and degradation of the white race itself. And no one familiar with the spirit of the new south, not the south of the fire-eater, the swash buckler and the self-seeking politician, but the south of today with all its splendid possibilities of industrial, commercial and Christian advantages, believes for an instant that such a condition will ever face its people.

During a rain storm such as has been witnessed this week enough water flows down the streams to the sea to irrigate every foot of land in this state if the reservoir systems were only in operation of sufficient capacity to do the work. Some progress, however, is being made along these lines and eventually Colorado will be one vast irrigated garden tract.

Lemons and Sours were defeated at the school election in Denver. Perhaps the people did not like the combination.

[illegible] at least one satisfactory view of our wide [illegible] largest in the world.

If the demonstration at the quadrennial conference of the Methodist Episcopal church in Los Angeles the colored vote is going to be pretty nearly solid for President Roosevelt.

The west never does things by halves. When it is dry it is very dry, and when it is damp it is a deluge.

Cripple Creek gets snow and Colorado Springs gets rain. Merely a difference in the altitude.

DR. GREGG AND COUNTY COURT.

Colorado Springs, Colo., May 2, 1904.

To the Editor of the Gazette.

Will you kindly allow me space to correct a misapprehension of words of mine spoken at the city council meeting which I find has arisen in some minds and which I sincerely regret.

Referring to a list of something more than 70 cases of convictions secured during the last eight years in the police court, I quoted a remark made by a member of the council and an old time resident, that so far as he could recall, not one of these cases when appealed to the county court had been sustained. I did not affirm that this was an accurate statement, but simply said that if it were true it was a severe impeachment of the county court. "It means either that the jurors are not carefully selected or that the judge has a strong bias." In saying this I had no particular judge in mind but only the action of the court during the last eight years, in that it would appear as if in the county court as an institution, I did not undertake to affirm why, a conviction of a violation of the liquor law seemed impossible to secure, if facts had been correctly reported.

I surely did not wish to reflect, in what I said, upon Judge Orr. I am not even aware whether during his occupancy of the bench any such cases have been appealed. I can say that my words are, however, liable to misunderstanding and I am sorry that they were so. I trust that I have made it plain that I did not have Judge Orr or any other judge in mind, but only wished to call attention to what seemed a remarkable fact, that during a period of eight years 70 convictions should have been secured in the lower court and not one of them when appealed to a higher court should be sustained.

I may add that steps will be taken at an early date to get from the records the exact facts in this matter and to place them before the public, expressing thus frankly in public my regret that I should have seemed even for a moment to have done Judge Orr an injustice.

I am yours sincerely,
James E. Gregg.

MADE SOUP OF CONGRESSMAN'S BEANS.

Representative Mahon of Pennsylvania is laughing over a letter just received from a nice old lady residing in his congressional district. He sent a package of beans secured from his agents at the agricultural department to this lady, thinking she would like to plant them in her garden.

In replying the lady addressed the Pennsylvanian, whose name was written indistinctly on the frank, as "Mr. Mackin." She said: "Those were splendid beans you sent me. I cooked them for dinner, and they made the finest soup I ever tasted. Thank you ever so much."—(Washington Post.

ABUSE OF HOSPITALITY.

Colonel William C. Greene, one of the greatest ranchers in the world—his holdings of Arizona grazing land aggregate 1,500,000 acres—spoke on hospitality at a dinner in New York.

"Hospitality is an excellent thing," said Colonel Greene, "but it is open to abuse. Let me tell you how the oriental hospitality of Nasr Eddin, a great man of the east, was abused many years ago.

"From a distant village a poor man came to Nasr Eddin and made him a present of a hare. Nasr Eddin was delighted with his gift. The poor man, on the strength of it stayed with him a month.

"A short time after, a stranger came with his entire family to Nasr Eddin's house.

"'We,' the stranger explained, 'are friends of the man who gave you the hare.'

"Nasr Eddin welcomed the visitors warmly, and they stayed two weeks.

"They had not been gone long when another family of strangers arrived.

"'Whom have the honor to receive?' said Nasr Eddin.

"'Friends of the friends of the man who gave you the hare,' was the reply.

"Nasr Eddin looked grave. He did not invite these guests indoors. He served them on the lawn with cups of some clear fluid. Tasting this fluid, they made wry faces, for it was nothing but warm water.

"'What is this you offer us, O Nasr Eddin?' the strangers said reproachfully.

"The host replied:

"'Oh, that is the sauce of the sauce of the hare.'"—(New York Tribune.

AH! THIS SOUNDS GOOD!

The mobilization of the army of anglers hereabouts is now progressing rapidly. The rod and reel men may be seen in groups around their tents, every captain armed with a putty knife, a scraper and a paint brush. There is no lack of superintendents. The launches, or "automobile boats," as they are sometimes called, have their summer coats on, and the fleet captains turn up their noses at sloops and cats without "kitchens." The coming season, according to the old anglers, will be good. A long and rigorous winter, they say, is always followed by great runs of fish in the warm waters. Let us hope that the prediction may prove to be sound. May the rods bend! May the lines whiz, and may the scapnets be frequently called out for duty!—(New York Sun.

THE FATAL "PRACTICAL JOKE."

CUTTING OUT THE FRILLS.

It is due Secretary Taft to spread the fact that he refused to have any more cavalry escorts. The Garden vs. The Fence

I have a neighbor who every year plants a garden of annuals. He has no fence, but two of his neighbors have each a setter dog. These dogs are rarely confined. One morning I saw him put in the seed of his lovely annuals and leave his smoothly raked beds already a pleasant shop and a prophecy of delight while yet without a spray of green. An hour later I saw those two setter dogs wrestling and sprawling around in joyous circles all over those garden beds. "Gay, guileless pair!" What is one to do in such a case, in a land where everybody is expected to take everything good-naturedly, and where a fence is sign of a sour temper. Of course he can do as others do, and have no garden; but suppose he very much wants a garden?

They were the well-to-do who began this abolition movement against enclosures, and I have an idea it never would have had a beginning had there prevailed generally, democratically, among us a sentiment for real gardening, and a knowledge of its practical principles; for with this sentiment and knowledge we should have had that sweet experience of outdoor privacy for lack of which we lose one of the noblest charms of home. The well-to-do started the fashion, it cost less money to follow them to withstand it, and

CLAIRVOYANT.

WITCH OF WALL STREET.
Grace Cortland, Psychic Clairvoyant and Medium. Gave President McKinley a number of private readings when governor of Ohio, which the nation's chief executive and Cabinet officers will vouch for. The last reading, a short time before his assassination, predicting the sad event as vividly as the reality. Hundreds of the most successful men of Wall Street, New York, were her patrons, for their advice per predictions on the rise and fall of stocks (she was never known to make a mistake). Hence they DUBBED HER THE WITCH of Wall Street. No living clairvoyant can say as much.

She advises on all affairs of life, business, lawsuits, speculating, love affairs, troubles, evil influences, develops mediumistic faculties, personal magnetism, how to be successful in business and domestic affairs. Are you in trouble? Need advice? That's all. Hours, 10 to 8 daily. 114 East Pike's Peak.

WINE of CARDUI

Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhœa, headaches, backaches and nervousness and makes the crisis attendant on the change of life.

Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when $1.00 bottles are sold by all druggists.

RENEWED ACTIVITY IN MINING

With Installation of Electric System Operations in the Yak Tunnel Can Be Carried Out on a Gigantic Scale.

Leadville, May 3.—The closing of the contract the past week by the Yak company for the installation of electric power at this big proposition is the first step toward a new era in mining in this camp. As already explained, the Yak people have long figured on this project, but now it is a certainty the contracts have been let and within four or five months the first mine in the district to be operated throughout with electrical power will have its work under way. While the Yak company has already accomplished much in sending its big bore some two miles into the mountains and practically through the richest section of the silver, lead and gold bearing areas, the tunnel work is yet in its infancy. Eventually the tunnel will pierce the mountains still further, but it is the enormous amount of acreage which is adjacent to the tunnel lines where results will be felt. This great amount of territory will eventually all be developed from the tunnel by drifts and other tunnels and with the addition of electrical installation the Yak people will be able to carry on operations on a most gigantic scale.

The Midas company is putting in place great plants of machinery and will spend some $35,000 before starting the sinking work so as not to meet with a setback after operations commence. At both the Colorado and the Penrose shafts there is a scene of activity, both in and out of the mine. In the property pipe lines are being connected and other repairs being made, while on the surface gallows frames are being enlarged and machinery being put in place. The work of sinking will be gotten under way in the near future and then for the first time the lower contacts will be systematically opened up in the Leadville basin. It is the general opinion among well informed mining men that this new work will undoubtedly demonstrate as well as open up a large area of ground now lying idle.

Hugh Dyatt is quite enthusiastic over the showing made on his Peerless Maud combination, which includes the Peerless Maud, the Peerless and the Lost Strip territory. Mr. Dyatt has been working on this Horseshoe territory for a number of years and while shipping steadily during the shipping season he has carried on a great deal of prospecting and development work. Meantime he has been securing adjoining ground and now has an immense acreage in his possession or under his control. In addition to the ore bodies opened up, which show good lead values, Mr. Dyatt has exposed large bodies of milling ore and steady shipments of this material have been made to the Last Chance mill, where it was successfully handled. The lead ore shoots have been the goal that Mr. Dyatt was working for and he states that this showing is steadily growing better. He has recently opened up (as yet entirely) new ore channels both of which are in contact formation and both are reasonably rich ore values. One of these channels shows very rich silver assays, while the higher averages run to the ton. The opening up of these new ore shoots by Mr. Dyatt again renews interest in the talk of a tramway from that locality. The matter is being looked into and if carried out would mean much to the district, as it would enable shipments during the great part of the year, when at present it is necessary to shut down on account of bad roads.

MINING CASES DECIDED IN THE FEDERAL COURT

Denver, May 3.—At the opening of the May term of the federal court today a number of important cases were taken up.

In the case of the Boston Gold and Copper Smelting company vs. the Republic Smelting and Refining company an order was made giving ownership to the plaintiff, the defendant not appearing. The suit arose through the defendant company boring into the plaintiff's property and taking therefrom valuable ores. The ore was replevined and the company asked full ownership.

The suit of James Clark Porter as the Robinson Consolidated Mining and Smelting company to recover $4,243.33 went to the plaintiff by default and the order was made for the payment.

Erskine S. Hamilton was appointed U. S. commissioner at Steamboat Springs to replace George P. Winterstein, who has been stricken with paralysis.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

There was little change in prices yesterday. Trading was comparatively light and stocks generally remained stationary. El Paso sold again at 5½ and Elkton was a trader at the old figure, 67 cents per share. C. K. & N. consolidated and Old Gold were lower but Doctor was stationary. Acacia sold at 6, Black Bell at 4½ and Prince Albert at 2½.

In the prospects Little Bessie was eighty-six, Creede & Cripple Creek sold at 4 cents and Acme was a trifler at 1¾.

Echo and Lucrative were the only stocks to change hands in the miscellaneous department.

MARKET DULL AND STEADY

GREAT NOVEL WAS FEATURE OF NEW YORK STOCK EXCHANGE TODAY.

New York, May 3.—The early stock market today showed some disposition to continue the downward movement which was in force yesterday. The operators for a decline seemed to center their selling on U. S. Steel pref. while the supporters of the market called their efforts upon Union Pacific. The general movement was extremely sluggish and narrow. The weather map showed very favorable conditions for the crops. The early market was very mixed and irregular and rather quiet active. Call money showed a firmer tone and for the first time in many days the minimum rate was 1½ per cent with loans inside about that. After the bids for the $75,000,000 New York city bonds issue was announced call money broke to half of one per cent, but the time money market was not affected. The resumption of trading in London after the holiday with no evidence of weakness by reason of the military events in Asia, was a reassuring factor and there was some buying here for London account. The market closed dull and irregular and showed small net changes.

Bonds were irregular. Total sales, par value, $1,525,000.

U. S. 2s and 3s coupon and old 4s declined ¼ and the new 4s ½ per cent on call.

OVERSHADOWING CAUSES A STRONG TURN IN WHEAT.

Chicago, May 3.—Almost total weather throughout the greater part of the country caused heavy liquidation of long wheat at the opening. For the first hour the market ruled extremely weak, losses of nearly a cent being made in all deliveries, July touching $.8. The bearish crop report, which was too unanimous and as a result the market became oversold. Many of the early sellers started to cover and there was buying on a large scale by a prominent commission house, supposed for the account of the leading trader. Early declines were completely wiped out. During the latter part of the session the buying continued liberal and the market held strong. July closed 1-8 higher at 84 1-2.

Corn started unchanged from yesterday, July at 47-7/8.

July oats closed 1-4 lower at 33 1-2. Provisions were weak. Pork closed with a net loss of 30 cents, lard was down 10 and ribs were off 2 1-2@5.
